

BLORP FLUBBERWICK

blorp@wobble.zzz | +00 000 FLURB | wobbletown, glomperstan

PROFILE

Chief glomper-flurbing operative with 47 snorks of experience wobbling the frobnicator across quantum snorkel pipelines. Proven ability to blorp at scale.

EXPERIENCE

Wobble Industries | Glomperstan

Snorktober 2099 – Present

Senior Flurbing Engineer

- Flurbed the glomper end-to-end, reducing snork latency by 420 wibbles per fortnight.
- Architected a self-blorping frobnicator mesh that wobbled 9,000 glompers daily.
- Led a squad of 12 flurbmasters through three consecutive snorkel migrations.

Frobnicator Dynamics LLC | Upper Blorpshire

Wibbuary 2097 – Snorktober 2099

Glomper Product Wrangler

- Shipped the Grand Unified Wobbler, adopted by 6 of the top 4 snork vendors.
- Reduced flurb drift by 88% through aggressive glomper deduplication.

KEY PROJECTS

SNORKEL — autonomous glomper flurbing daemon

- Built a local-first wobbler that flurbs glompers without ever contacting the snork cloud.
- Achieved 0.003ms blorp round-trip on commodity frobnicator hardware.

EDUCATION

Wobble Institute of Advanced Flurbing — B.Tech, Applied Glomperics
